Why sing in Children's Choir?

- Because we memorize scripture through songs. That's a gift that will bless your child his or her entire life.
- Because music speaks to the hearts and souls of children. They love to praise God in song!
- Because children gain a sense of accomplishment when serving their church as worship leaders.
- Because beautiful music leads to great friendships, and children who have friends at church are more likely to see themselves as a part of the family of God.
